CAPABILITIES

EVERY SIGNAL YOU NEED, IN ONE REPORT.

Ten precision tools that decode any tender document — eligibility, risk, deadlines, EMD, and a multilingual summary, all in under a minute.

AI Tender Summary

Our domain-tuned model condenses 80-page tenders into a structured, decision-ready summary you can scan in 90 seconds.

AI analyzing.

Extracting eligibility criteria

Mapping financial requirements

Flagging unfavorable clauses

Eligibility Analysis

Instantly know if your business qualifies — turnover, experience, licenses, all cross-checked.

Risk Detection

Spot liquidated damages, performance security clauses, and penalty traps before they hurt you.

Match Score

0-100 fit score for every tender.

EMD Detection

Amount, mode, and validity period.

Deadlines

Never miss a critical date again.

All Language Summary

Read every clause in your preferred language — Hindi, Tamil, Bengali, Telugu and more — auto-translated by AI.

PDF Report Export

Beautifully formatted, board-ready PDF reports you can share with your team and partners.

AI ENGINE

WATCH AI DECODE A TENDER IN 47S

From upload to a fully structured report — our pipeline reads, classifies, scores and translates every section. No more 70-page PDFs at 2 AM the night before a deadline.

VOICES FROM THE FIELD

LOVED BY BID TEAMS ACROSS INDIA.

★★★★☆

"I used to spend 3-4 hours reading every tender. TenderTrackAI tells me in 2 minutes whether I'm eligible. It saved me ₹50,000 in missed EMD deadlines last month alone."

Rajesh Kumar

Civil Contractor, Jaipur

★★★★☆

"The all-language summary is a game-changer for our team in Tier-2 cities. We finally understand every clause in our preferred language without hiring expensive consultants."

Priya Sharma

Supplier, Maxwell Industries

★★★★☆

"Risk analysis caught a 25% penalty clause we'd missed. We walked away from a bad tender and saved our company from a real disaster. Worth every rupee."

Ankit Verma

MSME Owner, Lucknow
